

Call for Submissions

I would like to compile a "Virtual Gallery" of women's ironwork to be shown at a celebration of women artist blacksmiths on International Women's Day, March 8, 2012. This event, which will be held in Annapolis Royal, Nova Scotia, Canada, may preface a conference later in the summer highlighting women smiths.

Anyone interested in being in the gallery is invited to send me the following:

A portrait of yourself (at the anvil if possible)

Several photographs of your work

A CV or Artist Statement, including all contact information, OR just a few words on why and how you became a blacksmith.

I look forward to hearing from you,

Brad Allen
